Everyone,

Maybe the TAGA lab question was raised when I asked Peter Husby which mobile lab was mobilized on 8/17. He responded back that the R9 mobile lab was mobilized.

Sorry if confusion was caused. Was just trying to get clarification.

Thanks,

kat

Hi All,

Knowing the nature of the Gold King Mine, SERAS does have another mobile lab, which is NOT the TAGA bus, which may be the subject of the "inquiry."

Thanks,

Sella

Kathy Meltzer is FSC for the Gold King mine and saw a resource request for a mobile lab. I've cc'd her on this email so she can follow up with you.

Thanks!

Hi Barbara,

Yes it is, but who is talking about mobilizing the TAGA for Gold King...? Can't speak to Typhoons...

Thanks Sella.

Is the TAGA bus or mobile lab under the SERAS contract?

Hi Sella,

How's it going? Hope all is well.

Wanted to get your contact info (phone) so that if SERAS is used for our responses (Gold King, Tyhpoons), we want to be able to get the info for the SitRep at our Area Command. Ramon Albizu is helping to compile the contracts info.

Thanks!

Need some contact info for the PO on SERAS. Is it still Sella? We can't find her in the directory.

Thanks!
